Sample Work

Heiman Software's Internal Apps

I led my team in developing applications that would improve the company's processes.

Berou Inc.'s HR System

As an intern, I helped create a cloud-based human resources information system that streamlined employee information.

Junior Software Engineers Program

I established a training program for newly hired Junior Software Engineers.

"I am glad to have worked with them over the years. They are intelligent and kind, and they can balance multiple responsibilities at once. Any organization would be lucky to have them."

Trinh Hien
DEPARTMENT HEAD

"I am glad to have worked with them. They are intelligent and kind, and they can balance multiple responsibilities at once. Any organization would be lucky to have them."
